

# Yan Oi Tong Chan Cheng Yuk Yee Kindergarten

School Year: 2024/25

Class: K1

**Activity Name:** Visit to Children's Discovery Gallery

## Activity Objectives:

1. Let children to experience the wonder of nature, uncover the mysteries of archaeology, and experience the nostalgia of Hong Kong's past.
2. Explore life in a traditional New Territories village and share childhood toys.

## Activity Overview and Record:

The Children's Discovery Gallery features various exhibition areas, such as traditional rural life, a stroll through the Mai Po Marshes, an introduction to local archaeologists, and the "Hong Kong Toys" exhibition. Among these, the "Hong Kong Toys" exhibition is the most appealing to young children. The guides not only introduce toys from different eras but also allow children to play with them, helping them realize that in addition to tablets, there are many different interactive educational games. During the stroll through the Mai Po Marshes, children learn about various birds and insects, and they even experience the perspective of a dragonfly. Through this activity, not only can they showcase toys designed, manufactured, or sold in Hong Kong and learn about the development of Hong Kong toys, but they also explore the Mai Po Marshes to discover different birds, insects, and marine life, allowing children to discover and experience the fun of nature and everyday life.
